Initiative: Multiple Initiatives

Overview

ČEZ Group is one of the leading economic entities in the Czech Republic, furthermore, it operates in Western, Central and South-eastern Europe, where, among other things, it operates the largest onshore wind farm in Europe, with a capacity of 600 MW. The main subject of ČEZ business endeavor is generation, distribution, trading and sale electricity and heat; trading and sale natural gas; provision of comprehensive energy services from the new energy sector; and coal mining. ČEZ Group is one of the ten largest energy companies in Europe, with more than 7 million customers and about 32,000 employees. Since it was established, more than 240 billion Czech crowns have been paid out to its shareholders in the form of dividends.

ČEZ Group is a responsible and recognized employer and leader in the CSR activities. Influencing the employment rate in specific regions; as such, it organizes regular meetings with representatives of municipalities in connection with the expected course of our activities.

ČEZ partners with educational institutions on a long-term basis, supporting especially those schools that provide technical education. Selected secondary schools and university faculties constitute our “partner school network”; collaboration with them is based on a written agreement. The collaboration involved a number of debates, lectures, and recruitment presentations; we strive to support schools by participation at open days or education fairs, where partner schools introduce themselves to potential students and their parents. A number of internship and in-house programs are organized for students, such as the Summer University, Innovation Marathon, or Big Step for college and university students and Nuclear, Power Engineering, and Distribution Finals and A Chance for an Engineer program for secondary school students. Each year ČEZ defines a list of the topics for the bachelor and degree works for the students of the high schools and offers studying programs for them.
